## Quickly offload your favorite photos and videos

The Lexar® microSD™ card USB 3.2 Reader works with microSD™, microSDHC™, microSDXC™, microSD™ UHS-I cards while leveraging USB 3.2 Gen 1 technology to delivers fast transfer speeds of up to 170MB/s<sup>1</sup> read/write to quickly and easily transfer photos and videos from your mobile phone, action camera or drone with ease. So you can spend less time waiting for transfer and offload and get back to creating your favorite content with ease.

**Quickly transfer with USB 3.2 Gen 1 speed.** Lexar® microSD™ Card USB 3.2 Reader leverages USB 3.2 technology for fast transfers, with read/write speeds up to 170MB/s<sup>1</sup> that allows you to quickly and easily transfer your favorite contents from your mobile phone, action camera or drone so you don't have to wait to get back to do what you love.

**Move content up to 10x faster.** Leveraging USB 3.2 Gen 1 technology, you can now move content up to 10x faster than USB 2.0 readers.

**Versatile reader to support multiple formats.** Lexar® microSD™ Card USB 3.2 Reader is a versatile card reader that supports microSD™, microSDHC™, microSDXC™, and microSD™ UHS-I memory card formats to suit your needs.

**Compact and portable design with push-to-play slot.** With an elegant, stylish and minimalist design that echoes the rest of the Lexar reader family, this reader is compact, portable for ease of use even on the go. Also, it is designed with a push-to-play slot, simply press in to insert your card and push to retrieve for added convenience.

**Rigorously tested.** All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.
