

Open-Ear Air Conduction Wireless Headphones **myFirst Headphones AirWaves**

The myFirst Headphones AirWaves is an ideal choice for parents looking to provide their children with enjoyable and safe listening experience. Specifically designed for kids, these headphones offer a maximum volume limit of 85 decibels (dB) and feature an open ear design for hearing both music and their surroundings simultaneously. Moreover, the headphones are lightweight and comfortable for easy portability. Providing up to 18 hours of playback time, parents can rest easy knowing their children can enjoy music for long periods of time without risking their hearing.
