

Wavo PLUS

On-Camera Semi-Professional Microphone with Live Audio Monitoring

SKU JB01734-BWW

Overview

Wavo PLUS creates a new approach to audio for creators and vloggers, the headphones' 3.5mm input combined with handy volume control in the back allows creators to better monitor sound in every situation and get the best result. For example, any background noise that might otherwise go unnoticed to the human ear or fix the microphone orientation to precisely pick-up the sound.

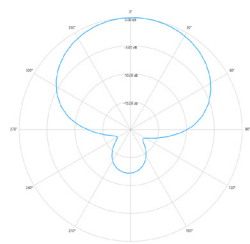

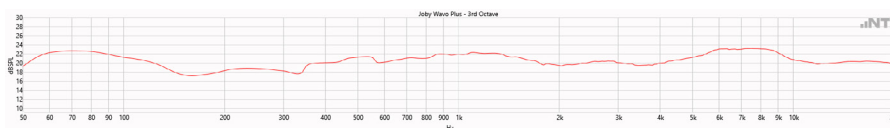

Wavo PLUS features both safe track functionality and high-pass filter to be easily activated when needed and save time on post-production.

Wavo PLUS can also detect the power state of the camera, turning on-off automatically leaving creators to focus on the scene. It features the convenient plug-and-play USB Type-C functionality to record voiceover for an improved audio experience while travelling or creating at home.

Applications

- Full control of audio with live audio monitoring
- Automatically switches ON or OFF with the camera
- Safe track is registered at -10db to save the shot
- High-Pass Filter avoids low frequencies rumble noises
- Front multicolor LED signals battery status

Frequency Response & Polar Patterns

Specifications

Acoustic

Capsule Type	Condenser Electret
Polar Pattern	Super Cardioid
Frequency Response	20Hz - 20kHz (+/-3dB)
Maximum SPL	130 dB SPL (1 kHz, 1% THD, 1-Kilohm Load)
Sensitivity	-16 dBV/Pa at 1 kHz (+-3db)
Signal to Noise Ratio	75db
Gain Adjustment	-10 - 0 - +15 dB
Output Impedance	10 Ohm (Headphones port)
Output Connection	3.5mm TRS, USB Type-C
Powered By	Built in Lithium, Li-Ion Rechargeable
Battery Life	30 h

Mechanical

Dimensions	11.2 x 11.5 x 5.8 cm
Weight	75 g
Mounting Method	3/8" universal mount, 1/4" adapter, Cold-shoe
Material	ABS Plastic, Hytrel®
